Subject: GBMSD Weekly Report February 2, 2020 - February 8, 2020 (Report 2 of 2)
Attachments: GBMSD 02022020-02282020 Weekly Report b.pdf

Good afternoon Tania,

Attached please find GBMSD's second weekly report for the week of February 2-8, 2020. This report contains information that was not available to include in the initial report, which was submitted on Monday, February 10, 2020.

I'm happy to report that the granulated activated carbon (GAC) adsorber was returned to service on Thursday, February 13, 2020, so we are once again incinerating with all pollution control systems operating.

Please contact me with any questions or concerns.

Regards,

Julie Maas | Environmental Compliance Specialist
Green Bay Metropolitan Sewerage District
